

## **Panteras FAQ #5 - Panteras Dance Clinic**

### **1. What is the Dance Clinic?**

This is a community outreach/fundraiser for the Panteras.

### **2. What happens at the Dance Clinic?**

Girls from Kindergarten through Grade 8 come to CHHS and learn a dance routine. They also eat snacks and play games with the Panteras. Oh, and they have pictures taken with the Panteras. At the end of the clinic, the girls perform their dance for their parents and receive participation awards.

### **3. What's the purpose of the Dance Clinic?**

This is an opportunity to promote the future of the Panteras as well as raise funds. Also the Panteras actually work at this fundraiser so they are participating in raising funds for their contest season.

### **4. What does it mean to be a Jr. Pantera?**

To the little girl that participates, it means a whole lot. She gets to hang out with teenagers and dance and play. Then she gets to go to a football game and perform on the field. She even gets to sit in the stands with the Panteras and hold their Poms and cheer for the team. To my two previous Jr. Panteras, it meant a whole lot! It meant even more to me as a mom. I was so touched to see them on the field and so relieved to have a Saturday morning without Barbies!!!!
